RE: Application of Permian Oilfield Partners, LLC for a Disposal Well Permit  
Waterfall Federal SWD #1  
759' FNL, 288' FEL, Unit Letter A  
Section 34, Township 25S, Range 29E  
Eddy County, TX

Dear Mr. Goetze:

Mewbourne Oil Company hereby protests the above referenced application of Permian Oilfield Partners, LLC (Permian) for a Devonian salt water disposal permit. Notice of this application was published (copy attached) in the Hobbs News-Sun on 5/14/19 and my company has also received a copy of the C-108 application. Mewbourne Oil has "standing" as we are the operator of the lands, E/2 of Section 34 (Bison Wallow Lease), where this commercial SWD is proposed. The proposed location of the SWD could impact our development plan, that includes the drilling of multiple horizontal wells, since the proposed wellbore will penetrate all our horizontal targets. Mewbourne will attempt to negotiate an agreement with Permian that will protect our development plans and allow Permian to drill and operate their well.

Please contact me if you have any questions.

Very truly yours,

Tim Harrington

Mr. McMillan,

XTO Permian Operating, LLC as an affected party, objects to the referenced application for disposal into the Devonian formation. We believe the location of this disposal well is too close (within 1 mile) of our area of operation and will impact development activity in the area.

XTO requests to be notified of any further activity in regard to the application, including being provided with notice of any hearing scheduled. Should you have any questions, please do not hesitate to contact me or Michael Thompson at (432) 221-7357.

Sent on behalf of Tracie Cherry.

Regards,  
Cheryl Rowell
