Administrative Order NSP-2122

ADMINISTRATIVE NON-STANDARD HORIZONTAL SPACING UNIT

Logos Operating, LLC [OGRID 289408]
Omega 2308 03 Well No. 5H, [API No. 30-045-38180]
Zeus 2308 03 Well No. 4H, [API No. 30-045-38179]

Reference is made to your application received on February 4, 2020.

You have also requested approval of a non-standard horizontal gas spacing unit to be included in your proposed horizontal spacing unit, as follows:

Proposed Horizontal Spacing Unit:

<u>Description</u>	<u>Acres</u>	<u>Pool</u>	<u>Pool Code</u>
N/2 of Section 2	403.72	Basin Mancos	97232
W/2 NW/4 of Section 1			

You have requested an exception pursuant to Rule 19.15.16.15(A)(3) NMAC, to approve a non-standard horizontal gas spacing unit comprising 403.72 acres, consisting of the entire area described above as the horizontal spacing unit. The proposed horizontal spacing unit does not consist of a quarter section or equivalent in both sections, as required by Rule 19.15.16.15(B)(3) NMAC.

We understand that you are seeking this exception in order to allow you to create a 403.72 acres, non-standard horizontal spacing unit, comprised of N/2 of Section 2 and W/2 NW/4 of Section 1, all in Township 23 North, Range 8 West, NMPM, San Juan County, New Mexico.

The Division understands you have given notice of this application to all operators or owners who are "affected persons," as defined in Paragraph (8) Subsection A of 19.15.2.7 NMAC, in all adjoining units which are being excluded.

You have requested a non-standard horizontal spacing unit in order allow maximum development of the spacing unit and, therefore, reducing waste while protecting correlative rights, and improving economics within the referenced Horizontal Spacing Unit.

Pursuant to the authority conferred by Division Rule 19.15.16.15(B)(5) NMAC, the above-described non-standard horizontal spacing unit is hereby approved. Further, the Applicant may add additional wells to the horizontal spacing unit with a Sundry notice to the Engineering Bureau, reference this NSP Order.

General Provisions

The above approvals are subject to your being in compliance with all other applicable Division rules, including, but not limited to Division Rule 19.15.5.9 NMAC.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

ADRIENNE E. SANDOVAL
Division Director
