The OCD was notified that **MRC Permian Company** has protested your applications for approval of a Non Standard Location of the above subject wells. This party have been identified as an affected person for their specific locations.

Therefore, you are being notified that if **Marathon Oil Permian, LLC** wishes for these applications to be considered, it must either go to hearing or may be reviewed administratively if the protest is withdrawn as a result of a negotiated resolution with this party.

The NSL application will be retained by OCD, but suspended from further administrative review.

Please contact the OCD once a decision regarding this application is determined within the next 30 days

03/18/20, Noticed date
04/17/20, 30 day ends

Re: Application of Marathon Oil Permian LLC for administrative approval of unorthodox well location for its Trojan Horse 35 WB Fed Com 1H well, located in the W/2 of Section 35, Township 22 South, Range 28 East, and W/2 of Section 2, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico.

Dear Director Sandoval:

Marathon Oil Permian LLC (“Marathon”), OGRID Number 372098, is seeking administrative approval of an unorthodox well location (“NSL”) for the **Trojan Horse 35 WB Fed Com 1H well**, (the “Well”) to be completed within the Purple Sage; Wolfcamp (Gas) Pool (Pool Code 98220) underlying the W/2 of Section 35, Township 22 South, Range 28 East, and W/2 of Section 2, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. N.M.P.M., Eddy County, New Mexico. A C-102 for the Well is attached as Exhibit A. This is a horizontal well that will be drilled as follows:

- First Take Point: 100’ from the North line and 330’ from the West line of Section 35, Township 22 South, Range 28 East;
- Last Take Point: 100’ from the South line and 330’ from the West line of Section 2, Township 23 South, Range 28 East.

Marathon has included as Exhibit B a letter explaining why this application is needed. This well will produce from the Purple Sage Wolfcamp Pool (Pool Code 98220). There are special pool rules for this pool under Order No. R-14262, that establish 330’ foot setback requirements. The completed interval for the proposed well is closer than 330’ from the boundary of the spacing unit.

Re: Non-Standard Location Application
Trojan Horse 35 WB Fed Com 1H
Eddy County, New Mexico

Dear Ms. Sandoval,

Marathon Oil Permian LLC respectfully requests administrative approval of the non-standard location for the Trojan Horse 35 WB Fed Com 1H well, to be drilled in Purple Sage; Wolfcamp (Gas) pool (98220). Marathon plans for this well to have a first take point at 100' FNL and 330' FWL of Section 35, and last take point at 100' FSL and 330' FWL of Section 2, which is closer to the unit line than allowed under the subject field rules. Marathon requests this non-standard location because the placement conforms to the first and last take points of the other wells in the section. This spacing best fits into the spacing for the other wells in the development plan of the entire section and we believe that it will result in the greatest recovery of reserves.

Thank you for your consideration. Should you have any questions please contact me at (713) 296-1883.

Sincerely,

A handwritten signature in cursive script that reads 'Billy S. Moore'.

The unorthodox location will encroach towards the (1) SW/4 of Section 26, Township 22 South, Range 28 East; and (2) the NW/4 of Section 11, Township 23 South, Range 28 East.

Marathon is providing notice to the working interest owners in the (1) SW/4 of Section 26, Township 22 South, Range 28 East; and (2) the NW/4 of Section 11, Township 23 South, Range 28 East. Marathon is also providing notice to the Bureau of Land Management as the owner of the mineral estate with respect to offsetting areas. Marathon also provides a midland map of this area, attached as Exhibit C. Proof of mailing, along with a copy of the notice letter sent to affected parties, is attached hereto as Exhibit D.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Deana M. Bennett". The signature is written in black ink and is positioned above a horizontal line.

Re: Application of Marathon Oil Permian LLC for administrative approval of unorthodox well location for its Trojan Horse 35 WB Fed Com 3H well, located in the W/2 of Section 35, Township 22 South, Range 28 East, and W/2 of Section 2, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico.

Dear Director Sandoval:

Marathon Oil Permian LLC (“Marathon”), OGRID Number 372098, is seeking administrative approval of an unorthodox well location (“NSL”) for the **Trojan Horse 35 WB Fed Com 3H well**, (the “Well”) to be completed within the Purple Sage; Wolfcamp (Gas) Pool (Pool Code 98220) underlying the W/2 of Section 35, Township 22 South, Range 28 East, and W/2 of Section 2, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. N.M.P.M., Eddy County, New Mexico. A C-102 for the Well is attached as Exhibit A. This is a horizontal well that will be drilled as follows:

- First Take Point: 100’ from the North line and 1650’ from the West line of Section 35, Township 22 South, Range 28 East;
- Last Take Point: 100’ from the South line and 1650’ from the West line of Section 2, Township 23 South, Range 28 East.

Marathon has included as Exhibit B a letter explaining why this application is needed. This well will produce from the Purple Sage Wolfcamp Pool (Pool Code 98220). There are special pool rules for this pool under Order No. R-14262, that establish 330’ foot setback requirements. The completed interval for the proposed well is closer than 330’ from the boundary of the spacing unit.

Re: Non-Standard Location Application
Trojan Horse 35 WB Fed Com 3H
Eddy County, New Mexico

Dear Ms. Sandoval,

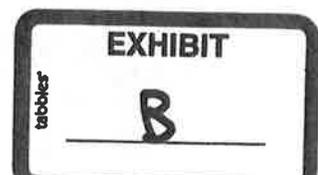

Marathon Oil Permian LLC respectfully requests administrative approval of the non-standard location for the Trojan Horse 35 WB Fed Com 3H well, to be drilled in Purple Sage; Wolfcamp (Gas) pool (98220). Marathon plans for this well to have a first take point at 100' FNL and 1,650' FWL of Section 35, and last take point at 100' FSL and 1,650' FWL of Section 2, which is closer to the unit line than allowed under the subject field rules. Marathon requests this non-standard location because the placement conforms to the first and last take points of the other wells in the section. This spacing best fits into the spacing for the other wells in the development plan of the entire section and we believe that it will result in the greatest recovery of reserves.

Thank you for your consideration. Should you have any questions please contact me at (713) 296-1883.

Sincerely,

A handwritten signature in cursive script that reads 'Billy S. Moore'.

Re: Non-Standard Location Application
Trojan Horse 35 WD Fed Com 5H
Eddy County, New Mexico

Dear Ms. Sandoval,

Marathon Oil Permian LLC respectfully requests administrative approval of the non-standard location for the Trojan Horse 35 WD Fed Com 5H well, to be drilled in Purple Sage; Wolfcamp (Gas) pool (98220). Marathon plans for this well to have a first take point at 100' FNL and 462' FWL of Section 35, and last take point at 100' FSL and 462' FWL of Section 2, which is closer to the unit line than allowed under the subject field rules. Marathon requests this non-standard location because the placement conforms to the first and last take points of the other wells in the section. This spacing best fits into the spacing for the other wells in the development plan of the entire section and we believe that it will result in the greatest recovery of reserves.

Thank you for your consideration. Should you have any questions please contact me at (713) 296-1883.

The unorthodox location will encroach towards the (1) SW/4 of Section 26, Township 22 South, Range 28 East; and (2) the NW/4 of Section 11, Township 23 South, Range 28 East.

Marathon is providing notice to the working interest owners in the (1) SW/4 of Section 26, Township 22 South, Range 28 East; and (2) the NW/4 of Section 11, Township 23 South, Range 28 East. Marathon is also providing notice to the Bureau of Land Management as the owner of the mineral estate with respect to offsetting areas. Marathon also provides a midland map of this area, attached as Exhibit C. Proof of mailing, along with a copy of the notice letter sent to affected parties, is attached hereto as Exhibit D.

Your attention to this matter is appreciated.

Sincerely,

Deana M. Bennett

Re: Application of Marathon Oil Permian LLC for administrative approval of unorthodox well location for its Trojan Horse 35 WD Fed Com 7H well, located in the W/2 of Section 35, Township 22 South, Range 28 East, and W/2 of Section 2, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico.

Dear Director Sandoval:

Marathon Oil Permian LLC (“Marathon”), OGRID Number 372098, is seeking administrative approval of an unorthodox well location (“NSL”) for the **Trojan Horse 35 WD Fed Com 7H well**, (the “Well”) to be completed within the Purple Sage; Wolfcamp (Gas) Pool (Pool Code 98220) underlying the W/2 of Section 35, Township 22 South, Range 28 East, and W/2 of Section 2, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. N.M.P.M., Eddy County, New Mexico. A C-102 for the Well is attached as Exhibit A. This is a horizontal well that will be drilled as follows:

- First Take Point: 100’ from the North line and 2310’ from the West line of Section 35, Township 22 South, Range 28 East;
- Last Take Point: 100’ from the South line and 2310’ from the West line of Section 2, Township 23 South, Range 28 East.

Marathon has included as Exhibit B a letter explaining why this application is needed. This well will produce from the Purple Sage Wolfcamp Pool (Pool Code 98220). There are special pool rules for this pool under Order No. R-14262, that establish 330’ foot setback requirements. The completed interval for the proposed well is closer than 330’ from the boundary of the spacing unit.

Re: Non-Standard Location Application
Trojan Horse 35 WD Fed Com 7H
Eddy County, New Mexico

Dear Ms. Sandoval,

Marathon Oil Permian LLC respectfully requests administrative approval of the non-standard location for the Trojan Horse 35 WD Fed Com 7H well, to be drilled in Purple Sage; Wolfcamp (Gas) pool (98220). Marathon plans for this well to have a first take point at 100' FNL and 2,310' FWL of Section 35, and last take point at 100' FSL and 2,310' FWL of Section 2, which is closer to the unit line than allowed under the subject field rules. Marathon requests this non-standard location because the placement conforms to the first and last take points of the other wells in the section. This spacing best fits into the spacing for the other wells in the development plan of the entire section and we believe that it will result in the greatest recovery of reserves.

Thank you for your consideration. Should you have any questions please contact me at (713) 296-1883.

Sincerely,

A handwritten signature in cursive script that reads 'Billy S. Moore'.
