Injection Extension Request 5/28/20

May 28, 2020

New Mexico Oil Conservation Division  
1220 S. St. Francis  
Santa Fe, New Mexico 87504

Attn: Ms. Adrienne Sandoval, Director

Re: Request for Extension of Solaris Water Midstream, LLC Injection Permit-Mills 19 SWD #1  
Administrative Order SWD-1878

Dear Ms. Sandoval:

Solaris Water Midstream, LLC ("Solaris") hereby requests approval from the Division for a one (1) year extension from the deadline stipulated in Order SWD-1878 to commence injection on the Mills 19 SWD #1 well.

The drilling of the well was delayed due to our continued recycling of produced water within the area surrounding the well. Because we expect our recycling program to continue for some time into the future, we have agreed to work with the Landowner to find a suitable operator to drill the well on behalf of the Landowner. Once extended, Solaris will work with the NMOCD to transfer the permit to the new Operator identified by the Landowner. We believe this to be in the best interest of conservation and to prevent waste.

The AOR does not include any wells that were not addressed in the original application. The surface owner remains the same as in the original application, and Solaris is copying them on this letter so that they are aware of the request for extension.

If you or your staff have any questions or require additional information, please do not hesitate to contact me.

Best regards,

A handwritten signature in blue ink, appearing to read "Whitney McKee".
