Re: Amended Application of Devon Energy Production, LP, for administrative approval of an unorthodox well location for its Thoroughbred 10-3 Fed Com #623H Well in the E/2 of Sections 3 and 10, Township 26 South, Range 31 East, N.M.P.M., Eddy County, New Mexico.

Dear Ms. Sandoval:

Ds37) requests that this application replace the original application filed on July 8, 2020. In this application, Devon seeks administrative approval of an unorthodox well location for its **Thoroughbred 10-3 Fed Com #623H Well** (API No. 30-015-46899) to be completed within the Purple Sage Wolfcamp Pool (98220) underlying the E/2 of Sections 3 and 10, Township 26 South, Range 31 East, N.M.P.M., Eddy County, New Mexico.

This well will be drilled from a surface location 270 feet from the south line and 2160 feet from the east line (Unit O) of Section 10 to a bottom hole location 20 feet from the north line and 1750 feet from the east line (Unit B) of Section 3. The first take point will be located 330 feet from the south line and 1750 feet from the east line (Unit O) of Section 10, and the last take point will be 100 feet from the north line and 1750 feet from the east line (Unit B) of Section 3.

Pursuant to Division Order R-14262, this acreage is governed by the Special Rules for the Purple Sage-Wolfcamp Gas Pool which provide for wells in the Wolfcamp formation in Eddy County to be located no closer than 330 feet to the outer boundary of the spacing unit. The completed interval for the **Thoroughbred 10-3 Fed Com #623H Well** will be unorthodox because it is closer than 330 feet to the northern boundary of the spacing unit in Section 3. Approval of the unorthodox completed interval will allow Devon to use its preferred well spacing plan for horizontal wells in this area and thereby prevent waste.

Exhibit A is a Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Thoroughbred 10-3 Fed Com #623H Well** encroaches on the drilling and spacing unit to the north in Section 34, Township 25 South, Range 31 East.

Exhibit B is a land plat for Sections 3 and 10 that shows the proposed **Thoroughbred 10-3 Fed Com #623H Well** in relation to the adjoining spacing unit to the north in Section 34, Township 25 South, Range 31 East.

Ownership is diverse between the subject spacing unit and the spacing unit to the north. **Exhibit C** reflects that a copy of this application with all attachments has been sent by certified mail to each affected person advising that any objections must be filed in writing with the Division within 20 days from the date the Division receives the application.

Exhibit D is a statement from a Devon's petroleum engineer confirming that Devon's requested unorthodox location is necessary to optimize well spacing, thereby preventing waste.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kaitlyn A. Luck", is written over a horizontal line.

Kaitlyn A. Luck

Devon Energy Production Company, L.P.
333 West Sheridan Avenue
Oklahoma City, OK 73102

July 6, 2020

Mr. Leonard Lowe
New Mexico Oil Conservation Division
1220 South Francis Drive
Santa Fe, New Mexico 87505

RE: Application for Nonstandard Locations
Engineering Statement
Devon Energy Production Company, L.P.
Thoroughbred 10-3 Fed Com 621H, 623H, 711H, 713H, 714H, 733H, 732H & 734H wells
Sections 10 & 3-26S-31E
Eddy County, New Mexico

Dear Mr. Lowe:

Devon Energy Production Company, L.P. respectfully requests administrative approval of a non-standard location for each of the Thoroughbred wells referenced above by decreasing the last take point(s) from 330 feet to 100 feet from the horizontal plane outer boundary. The wells are located in the Purple Sage-Wolfcamp Gas Pool (Pool Code 98220). It is Devon's responsibility as a prudent operator to maximize lateral length and to minimize reserves left in the ground. Decreasing the last take point will increase the wells effective lateral length by 230 feet thereby increasing ultimate recovery of reserves and preventing waste of natural resources.

Sincerely,

Examiners,

Attached please find the amended applications for administrative approval of the nonstandard locations of the above-referenced wells. The attached application packets are intended to replace those submitted earlier. These amended applications were mailed on Friday, July 17, to the only notice party. If you have any questions, please let me know.

Thanks,

Kaitlyn

Subject: RE: Request for Devon's applications for NSL's for Thoroughbred #623H, #713H, #733H, #714, & #734H placed on hold to file amended applications

Mr. Lowe, the applications were not clear as to the spacing unit, although they all specifically referenced the correct location of each well so I would like to file amended applications reflecting the correct spacing units. We intend to mail the amended applications to the only notice parties: the BLM.

Thanks,

Kaitlyn

Ms. Kaitlyn A. Luck,

Good morning.

Do all these applications have erroneous references to Horizontal Spacing Units?

Leonard R. Lowe

Apologies, there was an error in the re: line. This email relates to the following wells:

Thoroughbred 10-3 Fed Com 623H, 713H, 714H, 733H, & 734H wells.

Examiners,

Thanks for both of your efforts in reviewing the above-referenced applications. It has come to my attention that these applications referenced the incorrect spacing unit, however, the noticed parties remain the same. Devon intends to amend its applications to reflect the correct subject horizontal spacing unit in the E/2 of Sections 3 & 10 for all wells. It has been my understanding from Mr. McClure, per the email copied below, that the filing of an amended administrative application does not require an additional filing/payment, if no order has been entered. For that reason, Devon would request these applications be placed on hold so that Devon can file the amended applications reflecting the correct spacing unit. I will follow up with you shortly with the amended applications.

Thanks again for your time.

Best,

Kaitlyn

Hello Ms. Luck,

I will take a look at it as time allows. For future reference, unless re-notice is required, it is unlikely that a new Fee needs to be paid to submit an amended application for an application that is still under OCD review.
