Subject: [EXT] FW: Administrative Order OLM-198

Hello Dean,

After our phone call on Friday Deb and I stayed on the phone talking about the OLM (oil only) applications. And per Deb she said she would rather have the approval read exactly what we are applying for meaning if it is just for oil it should

only state off lease for oil. Someone later down the road with Concho may read it and think that both oil and gas are both off lease.

I am gathering a list of the OLM (oil only) applications and will send them to your tomorrow, I think there is like 6 counting this Black Pearl OLM...thank you for bring this to our attention.

Should you have any questions or concerns please let us know.

*Thank you,
Jeanette Barron

**** External email. Use caution. ****

NMOCD has issued Administrative Order OLM-198 which authorizes COG Operating, LLC to off lease measure 3 wells at the Black Pearl 1 Federal 3H & 4H Battery, Red Hills Offload Station, and Jal Offload Station. The administrative order is attached to this email and can also be found online at OCD Imaging.

Please review the content of the order to ensure you are familiar with the requirements and any conditions of approval.
