Hello Ms. Campbell,

Within the current OCD database this admin order was never shown as being approved, and I missed seeing the approved sundry in the well file which you attached to this email. The approved sundry will be sufficient and I will update the OCD database accordingly. Thanks.

Subject: [EXT] RE: DHC for the Price 1Md

Dear Mr. McClure,

BP is working as a contract operator for SIMCOE LLC during the transition period and I am responding to your inquiry below.

The downhole commingling of pools 71599 (Basin Dakota) and 72319 (Blanco Mesaverde) are pre-approved per NMOCD rule 19.15.12:

(3) The division shall maintain and continually update a list of pre-approved pools or areas in Subsection E of 19.15.12.11 NMAC.

E. Pre-approved pools and areas. Downhole commingling is approved within the following pool combinations or geographical areas in accordance with the procedure set forth in Paragraph (2) of Subsection C of 19.15.12.11 NMAC):

pool combination, San Juan basin

blanco-mesaverde (72319) and basin-dakota (71599) pools

A C-103 to authorize downhole commingling was submitted and approved by the NMOCD on 2/13/2004 (attached).

The Price 1M downhole commingle approval is also reflected on the NMOCD website:

Patti - this might be more of a question for you . . . is this something you can provide any insight into?

Thanks very much.

Respectfully,

Hello Mr. Quillin,

It appears that the downhole commingle application (DHC-1415) may have never been approved for the Price 1M (30-045-31968) operated by Simcoe, LLC.

Understanding that the application was first submitted to the OCD in 2004 by BP, do you have any documentation regarding this application?
