Reference is made to your application received on November 9<sup>th</sup>, 2020.

You have requested approval of a non-standard horizontal gas spacing unit to be included in your proposed horizontal spacing unit, as follows:

You have requested an exception pursuant to Rule 19.15.16.15(A)(3) NMAC, to approve a non-standard horizontal gas spacing unit comprising 320 acres, consisting of the entire area described above as the horizontal spacing unit. The proposed horizontal spacing unit does not consist of a quarter section or equivalent in both sections, as required by Rule 19.15.16.15(B)(3) NMAC.

We understand that you are seeking this exception in order to allow you to create a 320 acre, non-standard horizontal spacing unit, comprised of the Proposed Horizontal Spacing Unit referenced above within Eddy County, New Mexico.

Further, the Applicant may add additional wells to the horizontal spacing unit with a Sundry notice to the Engineering Bureau, reference this NSP Order.
