Mr. Brian Woods,

Good afternoon.

The OCD was made aware that Colgate has withdrew its objection/protest to the previously submitted NSL application.

In light of resolution to the protest, has there been any changes to the initially submitted NSL application? If so what are those changes? Those changes will need to be updated to all the affected parties for your NSL application.

Please update the OCD on any changes to the application. If no changes, please update as well.

Thank you,

**Leonard R. Lowe**

**Importance:** High

Mr. Lowe,

Cimarex and Colgate have been able to resolve this matter. Colgate has agreed to bring

all the wells online at the same time so the single well will not drain Cimarex's interest.

As a result, we would like to dismiss the objection to the NSL application.

Thank you,

Darin

The OCD was notified that **Cimarex Energy Co.** has protested your application for approval of a Non Standard Location of the above subject well. This party have been identified as an affected person for their specific location.

Therefore, you are being notified that if **Colgate Operating, LLC** wishes for this application to be considered, it must either go to hearing or may be reviewed administratively if the protest is withdrawn as a result of a negotiated resolution with this party.

The NSL application will be retained by OCD, but suspended from further administrative review.

Please contact the OCD once a decision regarding this application is determined within the next 30 days. If not update is given by the date below, the application will be cancelled.
