Dean,

Oxy would like to withdraw OLM-241. It's funny because I thought I submitted that permit but couldn't find any confirmation emails so I resubmitted. I apologize for the inconvenience!

Thanks,
Kathleen

Subject: [EXTERNAL] Off Lease Measurement Application for Vortec 27 #2

**WARNING - This message is from an EXTERNAL SENDER - be CAUTIOUS,

Kathleen,

I'm looking at action ID 25470 which has the application for OLM-241 attached to it. It appears that this matches action ID 29366 which has order OLM-248 attached to it. However it seems like the applications are nearly identical and both for the Vortec 27 #2 (30-015-35492).

Since an order has been issued for OLM-248, please confirm for me what the intention is for OLM-241 or if Oxy would like to withdraw it. Diversely, perhaps the wrong application packet was uploaded for one of them.
