**Subject Spacing Unit**

<b>Description</b>	<b>Acres</b>	<b>Pool</b>	<b>Pool Code</b>
NE/4 section 3	160	Pecos Slope; Abo (Gas)	82730

Reference is made to your application received on January 12<sup>th</sup>, 2022.

You have requested to simultaneously dedicate the above referenced subject spacing unit to the described wells. This pool is subject to special pool rule R-9976-E which allows four wells to simultaneously produce within the prescribed spacing unit. Presently, the above Existing Wells are an active producer in the pool referenced. You are requesting the Proposed Well above to become an additional infill well within the dedicated spacing unit.

Your application has been filed under the provisions of Division Rules 19.15.15.11.C NMAC and 19.15.2.9 NMAC.

---

The OCD understands that the Operator has proposed the simultaneous dedication for this unit for the three wells because they seek to recomplete the Proposed Well into the Abo Pool (82730) formation/pool.

Pursuant to the authority granted by rule 19.15.15.11.C NMAC, the above-described **simultaneous dedication is approved.**

Jurisdiction of this case is retained for the entry of further orders as Division deems necessary.
