Good morning Dylan et al.,

I hope you're doing well. Please see the forwarded correspondence below (original Outlook Item is attached) regarding EOG's protest of the Lombard SWD #1 C-108 application (also attached for reference). After discussing the matter with EOG, they have no issue with the C-108 application, as submitted. Please let me know if this correspondence is sufficient to clear the protest and continue with the review of the application, or if you need additional materials from either 3Bear or EOG. Have a wonderful day and feel free to give me a call to discuss anytime, if preferred.

Regards,

David A. White, P.G.

Hi Mike –

I am so sorry. After further discussion with our team, we are okay letting 3Bear move forward. We have made changes to our development plan in which we do not think the current location would present development issues as we anticipated.

I apologize for the confusion, please feel free to forward this email to Dylan @ the NMOCD to show that EOG has no objections to your permitted location as presented for re-application.

Thanks,
Katie
