Subject: Shocker SWD #1 30-015-39470 (SWD-1302) Devonian

Hello Sam or Michelle,

I noticed this location moved 50 feet south from the permitted disposal location. I looked in the original submittal and it appears this would not affect any notice issues – but let me know if it would?

The Devonian depths will likely change some also.

Whenever the actual depths come in, please send a letter asking for an amendment to SWD-1302 – so we can keep the permit records accurate.

Good luck with this deep well,
