Dear David:

Enclosed are two applications for NSLs mailed to NMOCD back in May, 2004. I checked with William Jones re: status of applications and he determined that the applications apparently were not received by NMOCD.

Jicarilla Apache Energy Corporation, JAECO, solicits NMOCD approval for these Unorthodox well locations.

Should you have any questions regarding these applications, please do not hesitate to call. I can be reached at 505-486-0221.

:

As always, your consideration of these applications is appreciated.

Respectfully, Charles Neeley

Re: Request for Unorthodox Well Location Jicarilla Apache Energy Corporation JVA Well No. 3A, 425' FNL & 660' FWL, Sec 21, T27N, R2W, NMPM Rio Arriba County, New Mexico

Dear Ms. Prukop and Mr. Singleton:

Jicarilla Apache Energy Corporation, JAECO, is writing to request your respective administrative approvals for an Unorthodox Well Location for the JVA 3A Blanco-Mesaverde well staked at 425' FNL & 660' FWL, Sec 21, T27N, R2W, NMPM, Rio Arriba County, New Mexico. JAECO had the well re-staked to this location at the request of the Jicarilla Apache Tribe Oil & Gas Administration, during the onsite conducted on April 28, 2004, to avoid adverse topography and pine trees. The location, access road and pipeline ROW have been arched by Velarde Energy Service.

JAECO is the sole division-designated operator of Section 21, T27N, R2W and all adjoining spacing units. Since there are no other persons owning interests in the adjoining spacing units, there are no affected persons requiring notice as defined in Rule 1207.A(2).

Attached is NMOCD form C-102 and a plat showing: the spacing unit, the proposed unorthodox well location and the adjoining spacing units and wells.

Your consideration of this application is appreciated.

Sincerely

Charles Neelev Agent/PE
