Darrell:

Please propose a date after the New Year to complete the FOT. Thank you.

Carl

We have finished two of the three fall off tests that are required. We have had some upsets and wastewater issues that have forced us to postpone the third test. With the rain and snow down here the last week we are still behind in our disposal of wastewater and have not been able to perform the third test.

Would it be possible for OCD to allow us to postpone the third test til after the new year. This would give us time to work the wastewater tanks down to an acceptable level.
