Subject: Soil Closure Approval (AP-58) - ROC BD Santa Rita EOL Release Site

**RE: Soil Closure Request
for the Rice Operating Company's
BD Santa Rita EOL Release Site
Unit Letters A, Section 27, T22S, R37E, NMPM, Lea County, New Mexico
Soil Closure Approval (AP-58)**

Dear Mr. Conder:

The New Mexico Oil Conservation Division (OCD) has received the Rice Operating Company's (ROC) Soil Closure Request for the Abatement Plan (AP-58) for the BD Santa Rita EOL Release Site, dated October 10, 2012. The above-referenced report, submitted in partial fulfillment of 19.15.30.19 NMAC (Part 30.19, formally, Rule 19.K), indicates that ROC has partially met the requirements of 19.15.30.9 NMAC for this site. Therefore, the OCD hereby conditionally approves the Soil Closure Request for the BD Santa Rita EOL Release Site and no further soil remediation is required for this site:

The ROC BD Santa Rita EOL Release Site is still active under Abatement Plan, AP-58, and groundwater monitoring, further groundwater contamination delineation if warranted, and groundwater remediation must continue at the ROC BD Santa Rita EOL Release Site.

ROC must re-vegetate the groundwater recovery facility portion of the ROC BD Santa Rita EOL Release Site when the groundwater recovery facility is dismantled.

Please be advised that OCD approval of this request does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Subject: Proposed Corrective Actions Approval (AP-58) - ROC BD Santa Rita EOL Release Site

**RE: "Update Report and 2011 Annual Groundwater Monitoring Report"
for the Rice Operating Company's (ROC)
BD Santa Rita EOL Release Site (AP-58)
Unit Letter A, Section 27, T22S, R37E, NMPM, Lea County, New Mexico
Proposed Corrective Actions Approval**

Dear Mr. Conder:

The New Mexico Oil Conservation Division (OCD) has received the report and proposed corrective actions for the BD Santa Rita EOL Release Site, dated January 20, 2012, and has conducted a review of the report and proposed corrective actions. The proposed corrective actions, submitted in partial fulfillment of 19.15.30.13 NMAC, indicates that ROC has partially met the requirements of 19.15.30.17 NMAC for this site. Therefore, the OCD hereby approves the above-referenced proposed corrective actions for the BD Santa Rita EOL Release Site.

Please be advised that OCD approval of these proposed corrective actions does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.
