RE: Oil & Gas Facilities Questionnaire for Determination of a WQCC Discharge Permit, P&P Malaga Compressor Station, Eddy County, New Mexico.

Mr. VonGonten:

As requested in correspondence dated May 10, 2011 available on the New Mexico Oil Conservation Division (OCD) website, DCP Midstream (DCP) hereby submits for your review and consideration a completed *Oil & Gas Facilities Questionnaire for Determination of a WQCC Discharge Permit* for the P&P Malaga Compressor Station. P&P Malaga Compressor Station has an OCD issued Discharge Permit (GW-167), and a renewal application submitted by DCP is currently under review by your Agency.

Please send all correspondence regarding this questionnaire to the attention of Keith Warren, DCP Midstream, 370 17th Street, Suite 2500, Denver, CO 80202.

Should you have questions or need further information please call me at 303-605-1936. Thank you very much for your consideration and assistance with this matter.

Sincerely,
DCP Midstream

Keith Warren, P.E.
Environmental Engineer

Oil & Gas Facilities Questionnaire for Determination of a WQCC Discharge Permit

Only Water Quality Control Commission- regulated systems will be incorporated into the OCD's WQCC Permits, while OCD regulated systems will be handled under separate permit(s). A current discharge permit is valid until its normal expiration date or November 15, 2012, whichever is later. All facilities with processes subject to the Water Quality Act must have permits in place by November 16, 2012. H2S Contingency Plans; pits, ponds, above and/or below-grade tanks; waste treatment, storage and disposal; and landfarms and landfills may require separate permitting under the OCD Oil, Gas, and Geothermal regulations.

*Proper completion and timely submission of this questionnaire is requested for all facilities with discharge permit expiration dates before November 15, 2012. Please complete and submit a separate questionnaire for each facility **before July 15, 2011.***

• Name of the owner or operator of the facility

DCP MIDSTREAM, LP

• Point of contact

Name KEITH WARREN
Telephone (303) 605-1936
Email KWARREN@DCPMIDSTREAM.COM
Mailing address 370 17TH STREET, SUITE 2500, DENVER, CO 80202

• Facility name P&P MALAGA COMPRESSOR STATION

• Facility location

Unit Letter, Section, Township, Range SW1/4, NE1/4, SEC 3, T24S, R28E
Street address (if any) NONE

- Facility type**

Steam Cleaning Groundwater Remediation

• **Facility Status** Active Idle Closed ALL PROCESS EQUIPMENT IS DISCONNECTED AND NOT OPERATIONAL

• **Does this facility currently have a discharge permit?** Yes No

If so, what is the permit number? GW-167

• **Are there any routine activities at the facility which intentionally result in materials other than potable water being released either onto the ground or directly into surface or ground water?**

(This includes process activities, equipment maintenance, or the cleanup of historic spills.)

Yes No

If so, describe those activities including the materials involved, the frequency of discharge, and the estimated volume per discharge event.

NOT APPLICABLE

• **What is the depth below surface to shallowest ground water in the area?** 30 FEET, <1 MILE AWAY

• **Are there any water supply, groundwater monitoring, or recovery wells at the facility?** NO
Water supply Monitoring Recovery

If these wells are registered with the Office of the State Engineer (OSE), what are the OSE well numbers? NOT APPLICABLE

• **Are abatement actions ongoing?** NO

• **Are there any active or inactive UIC wells present as part of the federal Underground Injection Control program associated with this facility?** Yes No

If so, what are the API numbers assigned to those wells?
NOT APPLICABLE

• **Are there any sumps at the facility?** Yes No
Number of sumps with volume less than 500 gallons _____
Use and contents _____
Is secondary containment incorporated into the design? Yes No

Number of sumps with volume greater than 500 gallons _____
Use and contents _____
Is secondary containment incorporated into the design? Yes No

- Does the facility incorporate any underground lines other than electrical conduits, freshwater, natural gas for heating, or sanitary sewers? Yes No

If so, what do those buried lines contain?

PROCESS WASTEWATER AND ENVIRONMENTAL DRAIN PIPING, NATURAL GAS INLET AND OUTLET

PIPING, FACILITY PROCESS PIPING

THIS FORM IS DUE TO THE OIL CONSERVATION DIVISION BY JULY 15, 2011.

Questions? Please contact Glenn VonGonten at 505-476-3488 or Carl Chavez at 505-476-3490.

Thank you for your cooperation.
