Apache is requesting permission to commingle at the surface all of the Washington 33 State wells listed on the attached documentation. The existing wells all have identical ownership, as will new drills to be added as completed. (Letter attached)  
All the wells are on the same lease and will be metered separately before being commingled at the battery. *OK*

Attached you will also find plats for each of the wells, along with maps and facility diagrams.

New drills are planned to tie into this facility.
