## Oil & Gas Facilities Questionnaire for Determination of a WQCC Discharge Permit

Only Water Quality Control Commission-regulated systems will be incorporated into the OCD's WQCC Permits, while OCD regulated systems will be handled under separate permit(s). A current discharge permit is valid until its normal expiration date. All facilities with processes subject to the Water Quality Act must have permits in place by November 16, 2012. H2S Contingency Plans; pits, ponds, above and/or below-grade tanks; waste treatment, storage and disposal; and landfarms and landfills may require separate permitting under the OCD Oil, Gas, and Geothermal regulations.

*Please complete and submit a separate questionnaire for each facility within 30 days of your receipt of this form.*

• **Name of the owner or operator of the facility**

DCP Midstream

• **Point of contact**

Name Matt Findley  
Telephone 303.605.2176  
Email mcfindley@dcpmidstream.com  
Mailing address DCP Midstream, 370 17<sup>th</sup> Street, Suite 2500, Denver, CO 80202

Facility name Hobbs Booster Station

• **Facility location**

Unit Letter, Section, Township, Range S4 T19S R38E NMPM  
Latitude, Longitude (Decimal Degrees) 32.6952 N / 103.1557 W  
Street address (if any) Not assigned

• **Facility type**

- Refinery
- Crude Oil Pump Station
- Geothermal Well
- Other describe) \_\_\_\_\_
- Gas Plant
- Injection Well
- Compressor Station
- Service Company

• **Current and Past Operations** (please check all that apply)

- |   |  |                                     |
|---|--|-------------------------------------|
| <input type="checkbox"/> Impoundments   | <input type="checkbox"/> Treatment Plant                     | <input type="checkbox"/> Waterflood |
| <input type="checkbox"/> Disposal Well  | <input type="checkbox"/> Brine Well                          | <input type="checkbox"/> Wash Bay   |
| <input type="checkbox"/> Steam Cleaning | <input checked="" type="checkbox"/> Ground Water Remediation |                                     |

• **Facility Status**     Active     Idle     Closed

• **Does this facility currently have a discharge permit?**     Yes     No

If so, what is the permit number? \_\_\_\_\_ GW-044

• **Are there any routine activities at the facility which intentionally result in materials other than potable water being released either onto the ground or directly into surface or ground water?** (This includes process activities, equipment maintenance, or the cleanup of historic spills.)

- Yes     No

If so, describe those activities including the materials involved, the frequency of discharge, and the estimated volume per discharge event.

---

---

---

---

---

• **What is the depth below surface to shallowest ground water in the area?**    50'

• **Are there any water supply, ground water monitoring, or recovery wells at the facility?**

- Water supply     Monitoring     Recovery

If these wells are registered with the Office of the State Engineer (OSE), what are the OSE well numbers? \_\_\_\_\_ No registrations found

• **Are abatement actions ongoing?**    Yes

If so, please describe.

Groundwater monitoring, air-sparge / recovery system

---

---

---

• **Are there any active or inactive UIC wells present as part of the federal Underground Injection Control program associated with this facility?**     Yes     No

If so, what are the API numbers assigned to those wells?

---

---

- **Are there any sumps at the facility?**  Yes  No  
Number of sumps with volume less than 500 gallons \_\_\_\_\_  
Use and contents \_\_\_\_\_  
Is secondary containment incorporated into the design?  Yes  No  
Number of sumps with volume greater than 500 gallons \_\_\_\_\_  
Use and contents \_\_\_\_\_  
Is secondary containment incorporated into the design?  Yes  No

- **Does the facility incorporate any underground lines other than electrical conduits, freshwater, natural gas for heating, or sanitary sewers?**  Yes  No  
If so, what do those buried lines contain?  
Process wastewater and environmental drain piping, natural gas inlet and outlet piping, facility process piping.

**THIS FORM IS DUE TO THE OIL CONSERVATION DIVISION WITHIN 30 DAYS OF YOUR RECEIPT OF THIS FORM.**

Questions? Please contact Glenn von Gonten at 505-476-3488.

Thank you for your cooperation.

**MARCH 1, 2012**

Mr. Keith Warren  
DCP Midstream, LP  
370 17th Street  
Suite 2500  
Denver CO 80202

Dear Mr. Warren:

The Oil Conservation Division's (OCD) records indicate that the following Water Quality Control Commission (WQCC) Discharge Permits have already expired or will soon expire.

<b>GW-163</b>	<b>Duke Apex CS</b>
<b>GW-175</b>	<b>Duke Hobbs GP</b>
<b>GW-150</b>	<b>Duke Pure Gold 28 CS</b>
<b>GW-002</b>	<b>Lee GP</b>
<b>GW-128</b>	<b>South Hat Booster</b>
<b>GW-288</b>	<b>Duke Pardue CS</b>
<b>GW-044</b>	<b>Hobbs Booster CS</b>

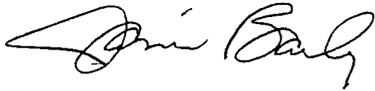

OCD has revised its permitting policies. These changes may affect the renewal of your discharge permit(s). Please submit an "Oil & Gas Facilities Questionnaire for Determination of a WQCC Discharge Permit" for each of your facilities (see attachment and OCD's "Notifications and Announcements" at <http://www.emnrd.state.nm.us/ocd>). Please submit the completed Questionnaires within 30 days of your receipt of this letter. Based on your response, OCD will determine whether you will need to submit a discharge permit renewal. If OCD determines that you no longer are required to operate under a WQCC Discharge Permit, you may be required to obtain a separate permit(s) for other processes at your facility, such as: pits, ponds, impoundments, below-grade tanks; waste treatment, storage and disposal operations; and landfarms and landfills. OCD will determine if any of these existing processes may require a separate permit under OCD's Oil, Gas, and Geothermal regulations. If OCD determines that a separate permit(s) is required, then a letter will be sent to you indicating what type of permit is required.

Please keep in mind, if your facility has any discharges that would require a WQCC Discharge Permit now or in the future, then you will be required to renew or obtain a WQCC Discharge Permit.

Mr. Warren
