State G Well #6
Section 33, 18S, 38E
Lea County, New Mexico

Dear Mr. Black:

Reference is made to your application of February 11, 1993, wherein you have requested our approval to downhole commingle production within the wellbore of the State G Well No. 6. Your application proposes to commingle the production from the Lower Blinebry with Upper Blinebry zones.

Since it appears that all the New Mexico Oil Conservation Division rules and regulations have been complied with and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for downhole commingling is hereby approved. Any deviation from the substance of your request will be sufficient grounds for rescinding our approval. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Your filing fee in the amount of thirty (\$30.00) dollars has been received.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,
