Subject: Creek AL Federal #12

Mike,

As per our conversation on September 7, 2012, we will start remediation of the impacted site as addressed in the Work Plan submitted on August 31, 2012. Once sample analysis of the impacted soil are below RRAL's, Yates Petroleum will submit a C-141 Final for closure of the site.

Please feel free to contact me with any questions that may arise.

Thanks!
