**Subject:** Groundwater Investigation Plan Submittal Extension Request Approval (1R-2637) - Plains Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site

**RE: Site Investigation Report and Extension Request  
for the Plains Marketing, L.P.'s  
Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site  
Unit Letter B, Section 6, T18S, R35E, NMPM, Lea County, New Mexico  
Groundwater Investigation Plan Submittal Extension Request Approval (1R-2637)**

Dear Mr. Dann:

The New Mexico Oil Conservation Division (OCD) has received the partial site investigation report and groundwater investigation plan submittal extension request for the Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site, dated October 22, 2013, and has conducted a review of the report and request. The OCD hereby conditionally approves the groundwater investigation plan submittal extension request:

Plains must submit to the OCD the ground water investigation plan by **Monday, April 21, 2014.**

Please be advised that OCD approval of this extension request does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site  
Unit Letter B, Section 6, T18S, R35E, NMPM, Lea County, New Mexico  
Investigation Workplan and Extension Request Approval (1R-2637)**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the site investigation workplan and extension request for the Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site, dated June 21, 2013, and has conducted a review of the report. The OCD hereby conditionally approves the site investigation workplan and extension request date:

Plains must submit to the OCD the ground water investigation plan by **Thursday, September 19, 2013.**

Please be advised that OCD approval of this workplan and extension request does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

**RE: Groundwater Investigation Report  
for the Plains Marketing, L.P.'s  
Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site  
Unit Letter B, Section 6, T18S, R35E, NMPM, Lea County, New Mexico  
Groundwater Investigation Plan Submittal Date Approval (1R-2637)**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the secondary groundwater investigation report for the Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site, dated March 26, 2013, and has conducted a review of the report. The OCD hereby conditionally approves the proposed tertiary groundwater investigation plan submittal date:

Plains must address in the groundwater investigation plan the possibility that the NAPL discovered in MW-7 may be from another historical release from the same pipeline (to the west of the above-referenced release site).

Please be advised that OCD approval of this submittal date does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Unit Letter B, Section 6, T18S, R35E, NMPM, Lea County, New Mexico  
Remediation Plan (1R-2637) Submittal Extension Request Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has reviewed your request for extension of the submittal of the corrective actions report for the Remediation Plan (1R-2637) for the above-referenced site. The OCD hereby approves the request for extension of the submittal until **Tuesday, March 26, 2013**.

Please be advised that OCD approval of this extension does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.

Unit Letter B, Section 6, T18S, R35E, NMPM, Lea County, New Mexico  
Ground Water Monitoring Well Location Approval (1R-2637)**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the report amendment for the Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site, dated September 25, 2012 and has conducted a review of the amendment. The OCD hereby approves the location of the proposed four "new" groundwater monitoring wells.

Please be advised that OCD approval of this amendment does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site  
Unit Letter B, Section 6, T18S, R35E, NMPM, Lea County, New Mexico  
Ground Water Monitoring Well Location Approval (1R-2637)**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the report for the Chevron Grayburg 6-inch Sec. 6 (Historical) Release Site, dated September 21, 2012 and has conducted a review of the report. The OCD hereby conditionally approves the location of the proposed four "new" groundwater monitoring wells:

Please locate PMW-8 approximately 20 feet to the north to northwest of the current proposed location.

Please submit to the OCD an analytical report for the groundwater monitoring wells (including the four "new" groundwater monitoring wells) at the above-referenced site within 90 days. The analytical report must include results for BTEX at each well.

Please be advised that OCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.
