Carie,

I have a closure report, formulated by Tetra Tech, for the above referenced release incidents. The signed Form C-141 Final Report that you sent with the closure report is for a release that occurred at this site on 3/30/12 (Tracking number for the 3/30/12 release is **2RP-1089**). Tetra Tech had included the correct Form C-141s in the closure report, but they are not signed. Please send a signed copy of Form C-141 for each of the release incidents referenced for consideration in completing the closure process.

I noticed I have two email addresses for you. I will copy this correspondence to both addresses. Please advise if there is a preference for one of the addresses over the other.
