RE: Administrative approval of Unorthodox Location
Trujillo 29-10-21 #2S well
2370' FSL & 1155' FEL
Section 21, T29N, R10W
San Juan County, New Mexico

Dear Mr. Stogner:

Energen Resources Corporation (Energen) hereby requests Administrative Approval for an Unorthodox Location of its proposed Trujillo 29-10-21 #2S Fruitland Coal well under the provisions of New Mexico Oil Conservation Division (NMOCD) order R-8768.

This well is located 2370' fsl & 1155' fel of Section 21-T29N-R10W, San Juan County, New Mexico and dedicated to a spacing unit consisting of the S/2 of Section 21, in the Basin Fruitland Coal gas pool.

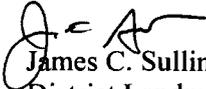

This well is closer than 660 feet to the Northern boundary of the proration unit, causing an unorthodox location. This location was moved to its current unorthodox location due to the fact that County Road 4800 runs through the middle of the S/2 of this section with many houses, barns and other structures on both sides of said County road. After many discussions with the landowners involved with this proposed location, this was the only location that would minimize the impact on the existing residences and future development plans of the landowners.

A copy of this application is being sent to all affected owners by certified mail-return receipt request with a request that they furnish your office in Santa Fe a Waiver of Objection within twenty (20) days of receipt of this application.

Attached is a well location plat showing dedicated acreage (C-102), a plat showing the offsetting spacing units and Fruitland Coal wells, if any, and a topographic map.

Your favorable consideration of this request would be appreciated.

Sincerely,

James C. Sullins
District Landman
