**Re: OGS Operating Company, Inc., Proposed Bluitt 16 State #2 Well
660' FNL & 1,980' FWL, Section 16, T-8-S, R-37-E
Roosevelt County, New Mexico**

Gentlemen:

OGS Operating Company, Inc. ("OGS") intends to drill the referenced well to an approximate depth of 4,650 feet or sufficient to test a middle San Andres oil zone. This well is subject to the special rules and regulations of the Bluitt-San Andres Associated Pool which set forth spacing and proration unit acreage requirements as follows:

RULE 2. (a) A standard oil proration unit shall be 80 acres. A standard gas proration unit shall be 320 acres.

If the middle San Andres oil zone is not commercially productive, OGS intends to plug back to a shallower San Andres zone which is typically a gas reservoir.

Gates-O'Brien Incorporated, OGS's parent company, owns New Mexico State oil and gas leases covering the NW/4 and the E/2 of Section 16, being 480 acres, more or less. The E/2 of Section 16 has been communitized and is the 320 acre gas spacing and proration unit for the OGS Bluitt 16 State #1 well.

Should the proposed well, to be located in the NE/4 of the NW/4 of Section 16, be completed as an oil well, OGS has enough acreage for two standard oil proration units. However, if the well is completed as a gas well, OGS intends to form a non-standard unit composed of the NW/4 of Section 11, which is 50% of a standard gas proration unit.

This letter is intended as an application for an exception to RULE 2. (a) of the Special Rules and Regulations for the Bluitt-San Andres Associated Pool for the possible formation of a non-standard gas proration unit.

Enclosed is a plat showing the proposed non-standard proration unit, the ownership and/or operators of all leases offsetting the proration unit and the proposed location of the OGS Operating Company, Inc. Bluitt 16 State #2 well. There are no producing wells currently located on the NW/4 of Section 16.

A copy of this letter has been sent Certified Mail Return Receipt Requested to all of the offset operators and/or oil and gas lessees (see the attached list).

Please call if you have a question.

Sincerely,
OGS Operating Company, Inc.

A handwritten signature in black ink, appearing to read "Thom O'Brien".

Thom O'Brien, President

Gentlemen:

Please refer to my letter dated August 9, 1999 in which I requested an exception to Rule 2. (a) of the special rules and regulations of the Bluitt-San Andres Associated Pool for the formation of a non-standard gas proration unit for the referenced well.

In connection with my request, attached are copies of all of the "Return Receipts" for the copies of the August 9, 1999 letter which I sent to all offset Operators.

Please call if you have a question.

Sincerely,
OGS Operating Company, Inc.
