Oil Conservation Division

Santa Fe, New Mexico 87505

Dear Mr. Stogner:

Pursuant to Division Rule 104.F(2), Chi Energy, Inc. applies for approval of an unorthodox gas well location for the following well:

<u>Well name:</u>	W.C. "4" Well No. 4
<u>Well location:</u>	2490 feet FNL & 1150 feet FEL
<u>Well unit:</u>	Lots 1, 2, S½NE¼, and SE¼ (E½) of Section 4, Township 22 South, Range 26 East, N.M.P.M., Eddy County, New Mexico (319.55 acres)

The well will be drilled to a depth sufficient to test the Strawn and Morrow formations (Undesignated Happy Valley-Strawn Gas Pool and Undesignated Happy Valley-Morrow Gas Pool). Applicant requests unorthodox location approval in both formations. The pools are spaced on statewide rules, with 320 acre spacing, and wells to be located no closer than 660 feet to a quarter section line nor closer than 10 feet to a quarter-quarter section line. A Form C-102 for the well is attached as Exhibit A.

The location is based on topographic reasons. Attached as Exhibit B is a land plat of the E½ §4-22S-26E, which is entirely fee land. The entire half-section is residential property (in the Happy Valley Farms and other subdivisions), and the lines indicate residential lots (some of which have been further subdivided). The proposed location is the only drillable location applicant could obtain in the NE¼ of Section 4 due to the number of residences and the County's requirement to remain 300 feet from a residence. (Applicant has plans to drill a second well in the SE¼.)

Because the location is internal to the well unit, notice of this application has not been given to anyone.

Please contact me if you need any further information on this application.

Very truly yours,
