Jeff,

As I informed Mr. Skip Wedel on June 5, 2009, OCD is requiring Unit Petroleum to submit an Abatement Plan to investigate and remediate the drilling pit. OCD rules specify the procedures that Unit must follow, which include submitting a detailed Stage 1 Abatement Plan and making proper public notice. Any activity that you undertake without having an approved Abatement Plan is done "at risk."

RE: Unit Petroleum Corp
Gourley #3 Well and Tank Battery (Open Pit)
Unit H, Section 28, T-22S, R-28E

Mike,

In order to obtain additional information on the groundwater gradient direction and the quality of the groundwater at the above mentioned site, Tetra Tech will be on site Thursday, June 25, 2009 to install two additional monitor wells (MW-2 and MW-3) in the vicinity of the existing open pit. This email is to inform you of Unit Petroleum's planned activities at the site.

If you have any questions or comments, please feel free to contact either myself or Gary Miller at (432) 682-4559.

Thanks,
