Subject: Unit Petroleum Company: Gourley Federal 003Q Modification to Work Plan

Dear Mr. Bratcher:

Per our telephone conversation today, I would like to amend my work plan regarding the Gourley Federal 003Q location which was submitted December 30, 2008.

Unit Petroleum Company will complete further delineation of the soil in the center and southwest areas of the pit as noted on the diagram which was previously submitted with the work plan.

A determination with regard to the handling of the impacted materials will be made based upon the disposition of the delineation results.

I would like to begin the work at the location immediately upon your approval of my closure plan.

If you need any additional information, please contact me.

Respectfully submitted,

Skip L. Wedel, CSP
