Pamela W. Staley
Amoco Production Company
P.O. Box 800 1670 Broadway
Denver, Colorado 80201

Dear Ms. Staley:

We have reviewed your application to commingle production downhole from the Basin Dakota and the Flora Vista Gallup Pools in the following well:

**Chrisman Gas Com #1E
790' FNL, 790' FWL, Section 11, T-30N, R-12W
San Juan County, New Mexico**

Dakota production is communitized and reports under CA # SW-288. Gallup production is reported to SF-018239. Production profiles from both formations were analyzed to determine if future allocation based on percentages would be equitable. Both formations have been declining at similar rates for the past year. Your Application and allocation method, are hereby approved as submitted, effective the date that actual commingling of the pools occurs. Approved allocation factors are:

Formation	Gas	Condensate
Basin Dakota	77%	50%
Flora Vista Gallup	23%	50%

If you have any questions regarding this correspondence, please contact Ray Hager at (505) 599-6366.

Sincerely,

/s/ Duane Spencer
