Dear Carolyn,

Burnett Oil Company has submitted a request for approval of a Non-Standard Location on the above referenced well. This letter is to notify you of this request as per OCD Rule 19.15.15.13. According to the OCD rules, you have twenty (20) days to respond to the OCD regarding this request.

Enclosed you will find a copy of our request, a plat showing the spacing unit and location and the adjoining spacing unit. A non-standard location was necessary in order to avoid tress and a pipeline in the area. We respectfully request that in the event you have an objection to this NSL, that you please contact us to discuss it.

If you have any questions or need any additional information, please do not hesitate to contact me or Mark Jacoby.

Yours truly,

Leslie M. Garvis  
Regulatory Coordinator

Dear Ms. Garvis

We are in receipt of the referenced application.

However, I do not understand your statement concerning ownership and notice. You state that the ownership of Units J, G, H and I is not identical. Therefore, notice is required to all working interest owners in Units G, H and I who own a larger interest in any of those units than they do in Unit J. Are the parties to whom you have given notice all of the working interest owners, other than Burnett, in Units G, H and I?

Thanks

David,

The owners outside of Burnett are the same (ABO, MYCO & OXY Y1) for G, H, I & J but the interests percentages are different. ABO, MYCO and OXY have the same interests percentage in G, H & I but their interest percentages in Unit J is different that their percentage number in G,H & I.

Yes – the notice was given to the WIO outside of Burnett for units G, H & I and they happen to be the same owners as unit J.

Hope that helps – If not, can call you and explain further.

Thank you
