All gas was lost to atmosphere.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOC D rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOC D marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOC D acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**RE: Form C-141 Reports
Various Releases, Reported February 11, 2012**

Mr. Bratcher:

Enclosed please find four C-141 Forms for the following releases.

40 MMCF from our Line 1009 in Eddy County
30 MMCF (estimated combined loss volume) from three leaks on our Line 1009 in Eddy
County discovered while repairing the line (see above).

These are being sent pursuant to 29 (19.15.29) NMAC and as follow-up to Jim Heap's verbal
notification to you of these events on February 11, 2012.

If you have any questions or need additional information, please contact our area field representative,
Jim Heap, at 432-696-5404 (jkheap@eprod.com) or me directly at 713-381-6684.

Yours truly,

Matthew E. Marra
Sr. Director - Environmental
