Describe Area Affected and Cleanup Action Taken.* All gas was lost to atmosphere.												
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

RE: Form C-141 Reports

Various Releases, Reported February 11, 2012

Mr. Bratcher:

Enclosed please find four C-141 Forms for the following releases.

40 MMCF from our Line 1009 in Eddy County 30 MMCF (estimated combined loss volume) from three leaks on our Line 1009 in Eddy County discovered while repairing the line (see above).

These are being sent pursuant to 29 (19.15.29) NMAC and as follow-up to Jim Heap's verbal notification to you of these events on February 11, 2012.

If you have any questions or need additional information, please contact our area field representative, Jim Heap, at 432-696-5404 (jkheap@eprod.com) or me directly at 713-381-6684.

Yours truly,

Matthew E. Marra
