I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**Subject:** Pipeline Leak (Immediate Notification)

Mr. Bratcher,

Today, at approximately 14:30 M.T. DCP Midstream discovered a pipeline leak on the ZZ1-6-6-Ext Rat Camp Discharge line at Lat: 32.941231 Long: 104.234294. The estimated volume of the blow down was 1086 Mscf. There were no liquids associated with this event. DCP Midstream shutdown booster stations and gas was shut in.

DCPM will follow up with a C-141 as soon as all the pertinent information is gathered.

I tried calling your number 575.626.0857 and no answer.

Patricia A. Grajeda de Babb  
Environmental Specialist II  
DCP Midstream, LP

**Attachments:** C-141 ZZ-1-6 Ext Rat Camp.pdf

Mr. Bratcher,

Please find file attached that contains a C-141 form for the venting on the ZZ-1-6 Ext Rat Camp line which occurred on March 17, 2012, due a pipeline leak. If you should have any comments or concerns, please do not hesitate to email me or give me a call.
