Hello Mike,

I think our foreman is getting ready to move onto this job in the next few days. Are we clear to get started?

Vernon

Good Evening Mike,

I appreciate you taking the time to meet with me this morning to discuss the C144 and the Closure Work Plan for the above referenced location. With your approval, we'll get started with the closure process as outlined in the attached documents. As always, I'll keep you informed of our progress.

Thanks,

Vernon,

I had the Cambrian Pit closure file in my hand this morning so I better send this while I am thinking about it. As for the paper work to close it out, use that same C-144 form and fill out blocks 21-25 on the last page. Skip block 23 as it does not apply and not all of the little boxes in block 24 will apply. Also, fill out an initial and final C-141, maybe a closure report outlining what was done and all of the analytical data. When you get ready to fill out the forms, if you have any questions, give me a shout. Not everything on the C-141 will apply either, for instance release volumes, date of release, etc. I think this will work to close this out, but again, if you have any questions give me a call or come by the office.

Thanks,

Mike,

Thanks for your help, I'll get this done and get it to you.

WA,

I'll try to get this put together in the next few days. I'll be needing your autograph on a couple of things, so I'll send them to you when I get the forms filled out. Once done, I'll put it all together in a simple report and have a copy for you and for Mike at NM OCD.

Good Morning Gentlemen,

I have completed the closing report for the pit closure at the above referenced location. I am putting hard copies in the mail for each of you today. I think you will have them by Friday. Let me know if there's anything else you need.

It has been a pleasure working with you on this project and I look forward to the next one.
