RE: COG * White Star Federal 1 * 30-015-29986 * H-29-17s-29e * Eddy County, New Mexico
NMOCD Tracking Number: 2RP-1600 * Date of release: 3/21/13

Ike,

Your proposal for remediation of the above referenced release is approved by NMOCD. Please advise in the event the proposed excavation depths are not achieved. BLM approval is required, and may be subject to additional requirements, stipulations and/or conditions of approval.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.

Subject: COG - White Star Federal #1 Tank Battery - Work Plan Approval Request

Gentleman,

Please find the enclosed Work Plan for the above reference spill site located in Eddy County, New Mexico. The spill has been assessed and the remedial recommendations are included in the work plan. I will mail you a hard copy of the work plan for your files. Once approved, Tetra Tech will schedule the soil remediation and notify you prior to implementing the work plan. Please let me know if you need additional information or call me if you have any questions
