NATURE OF RELEASE

Type of Release: Produced Water	Volume of Release 320 bbls	Volume Recovered 280 bbls
Source of Release: Equalizer	Date and Hour of Occurrence 12/31/212	Date and Hour of Discovery 12/31/2013 11:00 am
Was Immediate Notice Given? <input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	
By Whom? Josh Russo	Date and Hour 3/15/10 4:59 p.m.	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse. N/A	

If a Watercourse was Impacted, Describe Fully.*

N/A

RECEIVED

MAR 05 2014

Describe Cause of Problem and Remedial Action Taken.*

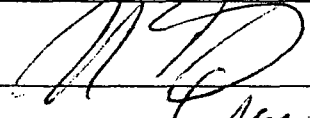

NMOCD ARTESIA

The Inlet header at the facility malfunctioned allowing the release of fluid. The header is located on the backside of the facility. The header has been repaired.

Describe Area Affected and Cleanup Action Taken.*

Initially 320 bbls were released from the inlet header, but 280 bbls were recovered with a vacuum truck. The spill area is located on the backside of the facility. Tetra Tech inspected site and collected samples to define spills extent. Soil that exceeded RRAL was removed and hauled away for proper disposal. Site was then brought up to surface grade with clean backfill material. Tetra Tech prepared closure report and submitted to NMOCD for review.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
