Describe Cause of Problem and Remedial Action Taken.*													
Trash collected in the transfer pump and plugged it up triggering the tanks to spill over and leak 30 bbls of produced water onto the ground. No fluids													
were recovered and the transfer pump was cleared of debris.													
Describe Area Affected and Cleanup Action Taken.*													
-													
The affected area is approximately 35' x 50' on location and down the road. Remediation will be completed in accordance with a remediation plan approved by NMOCD and the BLM.													
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and													
regulations al	l operators a	are required to	report an	d/or file certain re	elease n	otifications an	id perform correc	tive acti	ons for rel	eases which	may er	ndanger	
public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health													
or the enviror	iment. In ac	ldition, NMO	CD accep	tance of a C-141									
federal, state, or local laws and/or regulations.							OIL CONSERVATION DIVISION
