Latitude N32°49.228' Longitude W103°45.769'

### NATURE OF RELEASE

Type of Release: Produced Water	Volume of Release: 300 bbls PW	Volume Recovered: 280 bbls PW
Source of Release: SWD Pipeline	Date and Hour of Occurrence: 10/7/2014 12:50 pm	Date and Hour of Discovery: 10/7/2014 12:50 pm
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Mike Bratcher - NMOCD / Jeffery Robertson - BLM	
By Whom? Amanda Trujillo	Date and Hour: 10/8/2014 4:36 pm	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	

If a Watercourse was Impacted, Describe Fully.\*

Describe Cause of Problem and Remedial Action Taken.\*

While installing risers on a COG SWD mainline Legendary Pipeline Co struck a 6" waterline with their bucket. Approximately 300bbls of produced water, contained in 70'x40' dug out in COG ROW. Vacuum trucks were dispatched to recover all standing fluid.

Describe Area Affected and Cleanup Action Taken.\*

The impacted area is contained to a 70'x60' area within an excavation. Vacuum trucks removed all standing fluid and disposed of at an NMOCD approved facility. Concho will have the spill site sampled to delineate any possible contamination from the release and we will present a remediation work plan to the NMOCD for approval prior to any significant remediation work.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
