Re: Application of EOG Resources, Inc. for administrative approval of an unorthodox well location for its Streetcar 15 Fed #8H Well to be completed in Section 15, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico.

Dear Mr. Catanach:

EOG Resources, Inc. (OGRID No. 7377) seeks administrative approval of an unorthodox well location for its **Streetcar 15 Fed #8H Well** to be completed within the Draper Mill; Bone Spring (Oil) Pool (Pool Code 96392) underlying Section 15, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico. This well will be drilled from a surface location 250 feet from the South line and 1450 feet from the East line of Section 15, Township 25 South, Range 33 East. The upper most perforation will be 330 feet from the South line and 1389 feet from the East line of Section 15 (Unit O) and the lower most perforation will be 330 feet from the North line and 1389 feet from the East line of Section 15 (Unit B). Since this acreage is governed by the Division's statewide rules which provides for wells to be located no closer than 330 feet to the outer boundary of the spacing unit, the completed interval for this well will be unorthodox. Approval of the unorthodox completed interval will allow for efficient well spacing in Section 15, prevent waste of a productive reservoir and improve well performance.

Exhibit A is the Well Location and Acreage Dedication Plat (Form C-102), which shows that the completed interval of the proposed **Streetcar 15 Fed #8H Well** encroaches on the spacing and proration unit to the Northeast, East and Southeast.

Exhibit B is a land plat for Section 15 and the surrounding sections that shows the proposed **Streetcar 15 Fed #8H Well** in relation to adjoining units and existing wells.

BTA Oil Producers, LLC is the only party affected by the encroachment to the Northeast and Southeast. Enclosed as **Exhibit C** is BTA's waiver of the 20 day notice period and acceptance of the proposed non-standard location. EOG is the sole operator and mineral lessee of the federal lease covering Section 15. Accordingly, there are no affected parties by the encroachment to the East. Nonetheless, a courtesy copy of this application has been provided to the Bureau of Land Management.

Your attention to this matter is appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "J. L. Kessler", written over a horizontal line.

Section 15: W2E2
Lea County, New Mexico

Gentlemen:

Reference is made for all purposes to EOG Resources Inc.'s (hereafter "EOG") amended application to the New Mexico Oil Conservation Division for an administrative order approving a non-standard well location for the captioned well as shown on the map or plat attached hereto and made a part hereof.

EOG hereby requests that BTA Oil Producers, LLC (hereafter "BTA"), as an affected party, waive any objection to EOG's application for said order.

As a condition for the granting of this waiver by BTA, EOG agrees that, upon written request by BTA, it will grant, to the extent of the encroachment of the captioned non-standard well only, one reciprocal waiver to BTA for the drilling of a well on a non-standard location in a spacing unit or project area adjoining the W2E2 of Section 15, T25S, R33E, N.M.P.M., Lea County, New Mexico.

BTA Oil Producers, LLC

If the foregoing sets out our agreement, please have an authorized party date and execute both copies of this letter in the spaces provided below on behalf of BTA and return one executed copy to the attention of D.H. McCright at the letterhead address.

Thank you in advance for your prompt attention to this matter. If any questions arise, please contact D.H. McCright at 432-686-3741.

Sincerely,

EOG Resources, Inc.

Re: Application of EOG Resources, Inc. for administrative approval of four unorthodox well locations for its Streetcar 15 Fed #3H, #5H, #6H and #8H Wells to be completed in Section 15, Township 25 South, Range 33 East, N.M.P.M., Lea County, New Mexico.

Dear Mr. Catanach:

Enclosed are EOG's four applications unorthodox well locations for its Streetcar 15 Fed #3H, #5H, #6H and #8H Wells. Similar applications were initially submitted on October 15, 2014, but were suspended following the filing of objections from BTA to the surface locations. The surface locations for the remaining wells that EOG seeks to drill have been revised in response to an objection filed by BTA, who is the surface owner in Section 22, Township 25 South, Range 33 East. The enclosed four unorthodox well location applications are intended to replace the former suspended administrative applications. Waiver letters from BTA have been attached to each application as an exhibit.

Thank you for your attention to this matter. Please do not hesitate to contact me with any questions.

Sincerely,

Jordan L. Kessler
