**Subject:** RE: Linn Energy Max Friess MA Battery (2RP-1898) Corrective Action Plan (CAP)

Lara,

OCD concurs with BLM approval of this remediation proposal.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.

Mike, attached is the verbiage, plats and initial C-141 for the site for your review. The entire report with the laboratory data will be put in the mail today. If you have any questions or concerns, please let us know. Otherwise, we will await your approval.

Thanks!

Jacob,

Hopefully you folks have already started this. As you can see, I am a little behind in follow up on email.
