ACTION: The line was blocked-in and blown down. Repair (line clamp) to be completed on 15JAN2014.

Describe Area Affected and Cleanup Action Taken.*

All gas was lost to atmosphere.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**RE: Form C-141 Report for Enterprise Field Services LLC
Natural Gas Release on Carlsbad Gathering Lines**

Mr. Bratcher

Enclosed, please find the requisite Final C-141 Form for the Line 1009 release and blow-down in Eddy County. An initial investigation indicated that a "push-weld" in the line separated on start-up. Repair for this release will be completed on 15JAN2014.

This report is sent pursuant to 29 (19.15.29) NMAC and as follow-up to a verbal notification made to Randy Dade by phone on January 11, 2014. If you have any questions or need more information, please contact Jim Heap by phone at 432-686-5404, by email at jkheap@eprod.com or me at 713-381-6684

Regards,

Jon E. Fields
Director, Field Environmental
