Subject: Oxy-Jones Canyon 4 Federal #4-Remediation Plan
Attachments: Remediation Packet- Jones Canyon 4-4.pdf

Mike,

This e-mail is to confirm our discussion on March 25, 2013 concerning the remediation plan for the release that occurred at the Oxy Jones Canyon 4 Federal #4. I have attached the site drawing and the summary of the laboratory data we reviewed during our discussion for your files. As agreed, Oxy will excavate 6 inches to one foot across the entire leak area at the site dependent upon ground hardness. The site will then be backfilled with clean soil. The depth to groundwater in this area is approximately 50 feet.

If you would please reply back via e-mail with your concurrence of this remediation plan, it would be greatly appreciated.

Oxy and I thank you for your assistance in handling this matter.

Thanks, Cliff
