Cc: Joshua Russo
Subject: Willow State #1-Immediate Notification

Mr. Bratcher:

On 11-7-12 at approximately 7:00 am, a produced water release was discovered at the above-referenced battery. A swedge on the produced water transfer pump failed, allowing the release. An estimated 200 bbls of produced water was released with 190 bbls being recovered. This facility is not lined. The battery is out of service, pending replacement of the failed connection. We will get more details and follow up with a C-141 Report.

GPS coordinates, legal description, and driving directions below.

N 32 49.693 W 103 52.411

Willow State #1
Section 16
T17S, R31E
330' FSL, 2280' FEL
Eddy Co. NM
30-015-28880

From Highway 82, turn north on CR 222 (Sweet Gum Road) for approximately 1 mile. Battery is on the east side of lease road.

Thank you,

Michelle Mullins
