**REQUEST FOR ADMINISTRATIVE APPROVAL  
APACHE CORPORATION'S  
JACKRABBIT STATE 5  
30-015-42864  
1010' FNL & 2540' FEL  
SECTION 32, T. 17 S., R. 28 E., EDDY COUNTY, NM**

I. This proposed 5,300' deep oil well is on private surface and a State oil and gas lease. The well is nonstandard (20' too far south and 266' too far west) for the Artesia; Glorieta-Yeso Pool (96830) due to an overhead 69 kV power line (see EXHIBIT A).

Apache requests a nonstandard location due to land uses. The NWNE Section 32 is occupied by 1 P&A well, 1 active water injection well operated by LRE, 2 active oil well operated by LRE, one underground phone line, one overhead three phase power line, one overhead 69 kV power line, one overhead 115 kV power line, 150' wide US 82 right-of-way, and other miscellaneous pipelines, power lines, and roads. In addition, Apache has 3 approved oil wells and COG has an approved sand and gravel pit in the same quarter-quarter.

A standard location must be  $\geq 330'$  from the boundary of the quarter-quarter. In this case, it is 310' from the south side and 64' from the west side of unit letter B.

II. Form C-102 showing the well and 40-acre dedication is attached as Exhibit B. The well is 20' too far south and 266' too far west. Section 32 is smaller than a standard 640 acre section. It has not been broken into lots.

III. Lease boundaries are shown on EXHIBIT C. The well encroaches to the west, southwest, and south. Artesia; Glorieta-Yeso dedications exist in unit letter B of Section 32 and all 8 bordering or cornering quarter-quarters. LRE operates the Artesia; Glorieta-Yeso wells in one of the three quarter-quarters toward which the well encroaches. Apache operates the other two quarter-quarters. See Exhibit D. This information is current and correct.

IV. Archaeology is not an issue.

V. Surface issues (power line and other infrastructure) and the need to prevent waste and recover additional reserves drive the need for this nonstandard location.

VI. Apache does not believe directional drilling to a standard location is cost effective for this well.

VII. I hereby attest that I, on or before the date that the application was submitted to the division, sent notification to the affected persons (see EXHIBIT E) by certified mail, return receipt requested, advising them that if they have an objection it must be filed in writing within 20 days from the date the division receives the application. These affected persons have working or royalty interests in quarter-quarters that border the 40-acre spacing unit. Said notice was sent to:
