**REQUEST FOR ADMINISTRATIVE APPROVAL
APACHE CORPORATION'S
OUTLAW STATE 11
30-015-42561
2310' FSL & 1775' FEL
SECTION 29, T. 17 S., R. 28 E., EDDY COUNTY, NM**

I. This proposed oil well is on State surface and a State oil and gas lease in a smaller than standard section (below). The well is nonstandard (26' too far north) for the Artesia; Glorieta-Yeso Pool (96830) due to COG's State B Gas Com 1 (30-015-01611) well pad on the south (see EXHIBIT A). That Empire; Penn (Gas) well pad is 18' higher than the Outlaw State 11. Apache requests a nonstandard location due to land uses. A standard location would undercut another company's well pad. In addition, there are 4 rights-of-way (2 Frontier, 1 DCP (southeast of Apache's pad), & 1 LRE), 3 proposed Apache wells (all Artesia; Glorieta-Yeso), 2 roads, and COG's pipeline north of its well in the quarter-quarter.

A standard location must be $\geq 330'$ from the boundary of the quarter-quarter according to Order R-8539 et al. In this case, it is 304' from the north side of unit letter J. (The east side of Section 29 is shorter than normal. Length of the east side of Section 29 is 5,195.52'.)

II. Form C-102 showing the well and 40-acre dedication is attached as Exhibit B. The well is 26' too far north.

III. Lease boundaries are shown on EXHIBIT C. The well encroaches to the north, northeast, and east. Artesia; Glorieta-Yeso dedications exist in unit letter J of Section 29 and 7 bordering or cornering quarter-quarters. Unit letter H of Section 29 does not have a Yeso well. See Exhibit D. This information is current and correct.

IV. Archaeology is not an issue.

V. Surface issues (COG well pad, COG pipeline, and DCP pipeline) and the need to prevent waste and recover additional reserves drive the need for this nonstandard location.

VI. Apache does not believe directional drilling to a standard location is cost effective for this well. It has already been moved once from an even more nonstandard location (2310 FSL & 1535 FEL).

VII. I hereby attest that I, on or before the date that the application was submitted to the division, sent notification to the affected persons (see EXHIBIT E) by certified mail, return receipt requested, advising them that if they have an objection it must be filed in writing within 20 days from the date the division receives the application. These affected persons have working or royalty interests in quarter-quarters that border the 40-acre spacing unit. Said notice was sent to:
