Re: *Request for Administrative Approval for non-standard Basin Mancos Lateral
Chaco 2408-33D #119H, API: 30-045-35601*

Dear Mr. Catanach:

WPX Energy Production, LLC ("WPX"), pursuant to the provisions of Division Rule 19.15.15.13, hereby seeks administrative approval of an unorthodox location for the Basin Mancos (97232) formation in the Chaco 2408-33D #119H. This is a horizontal well with a surface location of 1290' FNL and 388' FWL, Section 33, T24N R8W and an end of lateral location of 1201' FNL & 230' FEL, Section 33, T24N R8W. See attached plat.

The N/2 of Section 33 is located in the Basin Mancos Gas Pool (97232) and subject to the Special Rules and Regulations created under Order R-12984. These special Rules require 320-acre spacing units and 660 foot setbacks from the outer boundary of the spacing unit. The completed interval is closer than 660 feet from the W/2 & E/2 of Section 28, E/2 & S/2 of Section 29, N/2 of Section 32 and N/2 & W/2 of Section 34. Accordingly, the proposed wellbore is non-standard under the Basin Mancos Special pool Rules and approval from the NMOCD is required.

The reason we need a non-standard location is to efficiently develop the acreage and prevent waste under the circumstances.

As support for this application, the following exhibits are included:

EXHIBIT A is the Well Location and Acreage Dedication Plat (Form C-102), which shows the non-standard project area for the subject well.

EXHIBIT B is a land plat depicting the proposed subject well in relation to adjoining units and further identifies the owners in the affected leases.

EXHIBIT C is a list of the affected parties for the request for approval of a non-standard spacing unit in the Basin Mancos Gas Pool. A copy of the application with all attachments has been sent to the affected parties advising them that if they have an objection they must file it in writing with the Division within 20 days from the date the Division receives this application.

Should you have any questions or concerns, please don't hesitate to contact me.
