Dear Mr. Bratcher,

As per our meeting on April 4, 2012, additional soil samples were collected from outside of the excavated flow path located at the Devon Energy Corporation Cactus State No. 3 release.

Talon/LPE is sending you the analytical results for soil samples collected on April 5, 2012. Based upon the analytical results as presented for the Cactus State No. 3 release, Devon Energy Corporation is requesting approval to backfill the excavated area located at the Cactus State No. 3 release.
