It is my understanding that this unit is to be dedicated to your Rhodes GSU Well No. 28 to be drilled at an unorthodox gas well location 660 feet from the South line and 1780 feet from the West line (Unit N) of said Section 8.

By authority granted me under the provisions of Division General Rules 104.D.(2) and 104.F(1), the above non-standard gas proration unit and unorthodox gas well location are hereby approved.
