RE: Downhole Commingling  
No. 24 Candado  
1070' FSL & 830' FWL  
Section 9, T. 26 N., R. 7 W.  
Rio Arriba County, NM  
API #30-039-22133

Dear Mr. DeLong:

We recently received an application requesting downhole commingling approval for the Otero Chacra and Blanco Mesaverde formations in the referenced well. Downhole commingling had been previously approved for this well on October 23, 1995. We will change our records to reflect the changed allocation factors for this well. Allocation for this well will be as shown below.

Formation	Gas Allocation	Oil Allocation
Chacra	7.1%	0%
Mesaverde	92.9%	100%

If you have any further questions regarding this matter, please contact Brian Davis at (505) 599-6367.

Sincerely,

*/s/ Duane W. Spencer*
