Re: Application for Administrative Approval of Unorthodox Location  
XTO Energy Inc.'s Martinez Gas Com F #1G  
2,100' FSL and 870' FEL, Section 24, T29N, R10W  
San Juan County, New Mexico  
Mesaverde and Dakota Formations

Dear Mr. Stogner:

XTO Energy Inc. hereby requests administrative approval for an unorthodox location for the above referenced well. Attached for your reference are the following exhibits:

1. Well location plat (NMOCD Form C-102)
2. Topographic map
3. Aerial photograph
4. Ownership map
5. Production map showing Mesaverde and Dakota Formation Gas Production

The above referenced well is proposed to be drilled as a downhole commingled Mesaverde/Dakota well spaced as a 320 acre S/2 unit. An application for downhole commingling will be submitted to the NMOCD pending approval of the non-standard location.

The proposed location has been chosen due to the proximity of a low-lying wash to the south of the proposed non-standard location. The wash prevented XTO from obtaining approval from the NMOCD for a standard location. Drilling the above referenced well at the requested location will best preserve the surrounding surface while effectively and efficiently producing gas from the Mesaverde and Dakota Formations.

All of the offset operators have been notified of this application by certified mail and copies of the letters and receipts are attached.

Mr. Michael E. Stogner  
New Mexico Oil Conservation Division  
Martinez Gas Com F #1G  
January 13, 2006  
Page Two

XTO Energy Inc. requests your administrative approval for the unorthodox location based on the above information. Should you need any additional information, please contact me at (817) 885-2540.

Yours truly,

  
Christopher Spencer, CPL  
Landman

Christopher,

Please refer to Rule 19.15.14.1210(A)(2)(b). The rule states that if the interest ownership is different between the spacing unit on which the well is located and the affected offset spacing unit, notice is to be provided to working interest owners within the affected offset spacing unit, even if both units are operated by XTO. Please provide notice to these interest owners and send me a copy of the letter and a list of the parties. I'll have to wait 20 days from the date I receive this supplemental information before I can issue a permit. If you have any questions call me at (505) 476-3466.

Thanks,

David

**Subject:** Re: Martinez

David,

I am out of the office today, but am checking my e-mails. The Martinez Gas Com F #1F is an NSL well that was approved last month. We are currently drilling the well. I do not recall in which quarter section the well is located. The Martinez Gas Com F #1G would be the fourth well in the S/2. XTO operates the N/2 wells. We do have some working interest partners in the N/2. We own 100% in the S/2. Do I need to send notice to the N/2 partners, even though XTO operates. If so, I will get notice out tomorrow. Burlington and BP are operators of record in some of the surrounding sections to Sec. 24, as indicated on the ownership map included with the NSL application. The same parties were sent notice on the Martinez Gas Com F #1F well that was approved. Please let me know what additional information you need, and I will get it right to you.

Thank you.

 Subject: Martinez

Christopher,

I am currently reviewing your application for an unorthodox location for the Martinez Gas Com F No. 1G, and I have a couple of questions. Your

2/8/2006

application indicates that XTO operates the N/2 and S/2 of Section 24. Is the working interest ownership between the N/2 and S/2 of Section 24 the same? If not, Division rules require notice to the affected WI owners within the N/2 of Section 24. What are the interests of BP and Burlington, and why were they provided notice?

My records indicate that this will be the third Dakota and third Mesaverde well to be located in the S/2 of Section 24. I show the existing two Dakota wells to be the Martinez Gas Com F No. 1E and the Martinez Gas Com F No. 1, and the two existing Mesaverde wells to be the Martinez Gas Com I No. 1A and the Martinez Gas Com I No. 1. Is this correct?

Thanks for you help.

Re: Application for Administrative Approval of Unorthodox Location  
XTO Energy Inc.'s Martinez Gas Com F No. 1G  
2,100' FSL and 870' FEL, Section 24, T29N, R10W  
San Juan County, New Mexico  
Dakota and Mesaverde Formations

Dear Fred:

Enclosed is a copy of an Application for Administrative Approval of Unorthodox Location for the Martinez Gas Com F No. 1G Well that has been sent to the New Mexico Oil Conservation Commission for administrative approval. If you have no objection to the proposed non-standard location, please so indicate by signing and returning one copy of this letter to me at the address on shown at the bottom of this letter as soon as possible.

Should you have any questions or need more information, please contact me at (817) 885-3091. Your prompt attention to this matter will be very much appreciated.

Yours truly,

  
Ryan O'Kelley  
Associate Landman
